(FORMERLY LABLED BLDG. #12), A PROBABLE HYDROSTATIC TEST BUILDING, AND A HORIZONTAL TEST STAND (FORMERLY LABELED BLDG. #8). UNDERGROUND STEAM LINE IS UNDER CONSTRUCTION AND CONNECTS AN AREA OF NEW CONSTRUCTION AT THE EASTERN END OF THE SOUTH PRODUCTION PLANT WITH THE TEST FACILITY. LARGE AMOUNTS OF EQUIPMENT AND MATERIAL ARE OBSERVED IN OPEN STORAGE THROUGHOUT THE PLANT AREA. APPROXIMATELY 30 LARGE (75 FT) RAIL CARS ARE LOCATED IN THE NORTH PLANT AREA.

These notes have been prepared for briefing purposes only and should not be used for detailed analytical work. Their use should be restricted to the particular briefing board(s) they were prepared for and must be considered valid only for the reporting period as indicated by the date of issue.
